No-Till Drill Rental Agreement 6ft Great Plains 605 No-Till Drill

THIS AGREEMENT, made and entered into this _____ day of _____, 20____, by and between the Lower Wind River Conservation District, hereafter called the "*District*" and _____, hereafter called the "*Producer*".

Lease

The *District* in consideration of the rents, conditions, agreements, and payment hereafter contained, shall allow use to the *Producer* of a:

2022 Great Plains, Model 605NT 6ft No-Till Drill - Serial Number: 0975-03

Starting Acre Count _____
Ending Acre Count _____
Total Acre Count _____

Terms of Lease

This lease shall commence on _____ (date) and shall be in effect until _____ (date). Check-out and check-in shall be between 8:00 AM and 5:00 PM on weekdays unless otherwise agreed upon.

The *District* will transport the No-Till Drill to and from the *Producer's* premises unless otherwise approved by the *District* for *Producer* transport. It is the responsibility of the *Producer* to provide a tractor (at least 40 horsepower) to pull the drill.

The *Producer* will use the drill on the above dates. If the *Producer* needs the No-Till Drill for a longer period, the *Producer* will contact the *District* in advance to ensure the drill is not promised to someone else.

The No-Till Drill **SHALL NOT** be sublet by the *Producer*, nor shall he/she assign or transfer any interest in this agreement without written consent of the *District*.

The No-Till Drill does not travel beyond the Fremont County border.

Rental

If the No-Till Drills are rented beyond 40 miles (one way) of the LWRCD office, there will be a \$1.00 per mile charge associated with the overall rental fee.

(Example: If the producer is 60 miles from the office, an associated \$40 trip charge will be added to the total rental fee, \$20 for the delivery trip, and \$20 for the return trip.)

The Producer will pay for the use of the drill after the use is completed. The *Producer* shall pay to the *District* the rental sum of \$15.00 per acre. A minimum charge of \$100 will be required for the use of the drill. An additional fee of \$100 will be charged for a cleaning fee if the No-Till Drill is not properly cleaned after use. This means the seed boxes and hoses must be vacuumed, or cleaned out by compressed air. The outside of the drill may be pressure washed. Inspection by *District* personnel will be conducted to determine if the cleaning fee is applicable.

Before the *Producer* uses the No-Till Drill, the *Producer* and *District* personnel will review and initial the Equipment Checklist (page 6).

The *District's* No-Till Drill will be used at the *Producer's* sole risk. The *Producer* must use the drill in Fremont County, Wyoming. The *Producer* agrees to use the No-Till Drill carefully on fields that are appropriate for use. After use, the *Producer* will make sure the No-Till Drill is in the same or better condition than it was when received. Normal wear from responsible use is expected. The *Producer* shall be responsible for loss, theft, damage, or destruction of the No-Till Drill and all liability for its use, beginning from the time it is checked out from the *District* until it is checked in to the *District*.

The *Producer* will refer to the operator's manual (located on the front of the drill) for maximum drilling speed and transport speed. Adjust for rough road conditions. **Disengage the drive wheel (lockout) before transporting.** **Failure to comply with these terms and conditions will result in the *Producer* being charged for any and all repairs at the current rate of repair.**

After the *Producer* uses the No-Till Drill, the *Producer* and *District* personnel will review and initial the Equipment Checklist. *District* personnel will record the acreage counter to determine the actual use. *District* personnel will determine if the billable acreage needs to be adjusted.

Notification

The *Producer* shall immediately notify the Lower Wind River Conservation District (307) 463-0636 if the drill requires maintenance or repair.

Disclaimer of Warranty

Except as otherwise provided by this agreement, the *District* makes no express or implied warranty as to any matter whatsoever, including, without limitation, the condition of the equipment or its fitness for a particular purpose. No defect or unfitness of the equipment shall relieve the *Producer* of his/her obligation for payment and other charges to the *District* proved herein or any other obligation under this agreement.

Indemnity

The *Producer* shall defend, indemnify, and hold harmless, the *District*, its officers, employees, board members, and agents from any and all claims, actions, suits, proceedings, court awards, costs, expenses, damages, and liability, including attorney fees, arising out of, connected with, or resulting from the equipment or the lease, including without limitation, the manufacture, selection, delivery, leasing, renting, control, possession, use, operation, maintenance, or return of equipment. The *Producer* shall further indemnify and hold harmless the *District* its officers, employees, board members, and agents from all loss and damage to the equipment during the rental period. The *Producer* recognizes and agrees that included in this indemnity clause, but not by way of limitation, is the *Producer's* assumptions of any and all liability for injury, disability, and death of workmen, and other persons caused by the operation, use, control, handling, or transportation of the equipment during this rental period.

Safety Precautions

Failure to follow the safety precautions as they are stated in the Operator's Manual may result in death or serious injury.

Insurance

The *Producer* shall maintain insurance for the full replacement value of the equipment \$10,000.00 and for any liability arising from the *Producer's* use and rental of the No-Till Drill. The *Producer* shall provide proof of insurance covering the rental of the No-Till Drill before receiving the drill.

Field Operating Checklist (Maintenance)

- Lubricate: Drive Chain ----- As required
- Lubricate: Coulter pivots, Driveshaft clutch ----- Every 8 Hours
- Lubricate: Seed Cup Drive Shaft Sprocket ----- Every 10 Hours
- Lubricate: Gauge Wheel Arms, Small Seed Shaft Bearing ----- Every 15 Hours
- Lubricate: Coulter Hub, Wheel Bearing ----- Seasonal

Maintenance & Penalty

Lubrication requirements are listed in the 605NT Greats Plain No-Till Drill Operator's Manual and above. The *District* retains the right to charge the *Producer* accordingly for equipment that is returned damaged, or without cleaning and maintenance.

Technical Information

An operator's manual is kept on the equipment and a copy is also located at the Lower Wind River Conservation District office. The *Producer* is required to review safety precautions in the operator's manual and international safety placards on the equipment before transporting or operating the equipment and the *Producer* must certify that he/she has read and understood all safety precautions.

Traveling Procedures

Put Cylinder locks on both Hydraulic Cylinders when transporting. Make sure the drive lock-out hub is disengaged on both sides while transporting.

If traveling on any roadway, flashing hazard lights must be in use at all times and a slow speed must be maintained.

Once at the field, remove the Cylinder locks and put on the hub above the wheels. Turn the drive lock-out into the drive lock-in position.
